

Ameropa-Reisen GmbH

Web-Developer Frontend (f/m/d)

Ameropa-Reisen is a reliable long-standing German Tour Operator, well-known for its high-quality travel packages and high customer satisfaction. The company was founded in 1951, has about 100 employees and welcomes approximately 500.000 customers each year. Its modern office is situated in Bad Homburg, close to Frankfurt am Main.

Ameropa offers German holiday seekers short and long trips in and around Germany, as well as exclusive train travel experiences across the world. These trips can be booked through local travel agencies, the company website, as well as several other digital channels.

And it's these channels that need you!

Web applications are your passion and developing and implementing your own creative ideas is important to you? Then join our team and become part of Ameropa's success story.

Web-Developer Frontend (f/m/d)

Your tasks:

- Develop, optimise and maintain the company website and its Internet Booking Engine
- Administrate the corresponding Content Management System
- Implement web tracking
- Plan and execute all the necessary development tasks, from creating prototypes to live testing
- Actively scale the newly founded cross-functional Platform Management Team
- Collaborate with product owners, designers, project managers, marketing colleagues and internal and external developers
- Conceive and develop potential additional digital platforms

Your profile:

- Professional experience in developing web- and/or mobile applications
- Expertise in frontend development with JavaScript, HTML5, CSS3 and responsive frameworks (ideally vue.js)
- Understanding of AJAX, JSON, XML and PHP
- First experience in APIs, server architecture, cloud services, SQL-/noSQL-databases, agile project management and agile technologies
- Ideally expertise with Content Management Systems (ideally Pimcore), e-commerce, web design and UX
- High quality standards when creating and documenting source code
- Passion for newest gadgets and trends in web- and mobile development
- Actively participating in developer communities
- Good German language skills (minimal B2)

Your benefits:

- Challenging and creative projects
- A dynamic and creative new team
- Individual training plans
- Flexible working hours
- Modern and bright office with roof terrace
- Attractive benefits, i.e. free access to certain theme parks
- All the coffee a web developer could wish for
